Humberto Marquez: Hindsight

24 October - 08 February 2020

Henrique Faria New York

New York, United States

① Humberto Marquez, *Configuraciones Corporales (Body Configurations)*, 1968.
Inkjet print. 8 x 10 in. (20.3 x 25.4 cm). Courtesy of Henrique Faria New York.

This first exhibition of the work of Humberto Márquez outside of Mexico brings together various pieces that represent a decisive moment in the evolution of his practice and his critical commitment to the distinct issues of that age. The pieces reunited here display the artist's understanding of the contemporary art made during those years, both nationally and internationally, and the manner in which he was able to encourage dialogue: not only with avant-garde artistic practices, but also with new forms of social activism.
